PRINTING SOLUTIONS

## INTEC DMP420LF

Banner printing made easy!

- Print to an amazing 1.2 metres long and 328mm wide
- Print on a wide range of media up to an amazing 512gsm
- Automated multi-feed system gives higher productivity for longer uninterrupted runs

# Intec DMP420LF

Banner printing, point of sale, 6, 8 or 10 page A4 brochures and Landscape A4 brochures can all now be printed with greater productivity using the new DMP420LF system. The extended 1.2 metres feed and collection extensions, allow the production of a wide range of oversized\* print easily and efficiently allowing you to concentrate on other tasks while your DMP420LF takes care of your print production.

\* Maximum media size 328mm x 1.2 metres

By combining our high capacity multi-media feeder and stacker units with our banner extensions our unique system will enable you to print stock up to 25kg allowing for longer uninterrupted runs.

The banner extensions have movable magnetic guides to assist in centralisation of banner media.

The DMP420LF is available in 3 versions, standard network printer, PRO RIP and VariPrint our latest variable data software.
